

365 HTS

A SPORTY COMPANION

In the creation of the 365, we held in our commitment to uncompromised aesthetics and performance. With its timeless sport cruiser design, this model is a precision-engineered symphony of handling prowess and driving gratification.

Elevating its design in harmony with the esteemed Galeon lineup, this cruiser marries elegance with practicality. The expansive windows, glass cockpit doors, and a sweeping sunroof over the helm station offer exceptional visibility. For enhanced ventilation and seamless communication during mooring maneuvers, the side windows elegantly slide open.

Upon entering the main deck, a cocooned dining enclave awaits, accommodating six. An opposite wet bar, adorned with a grill and fridge, enhances the social experience. Glass doors, partnered with an upward-foldable window, facilitate an expansive aft area

that seamlessly connects with the cockpit. Outdoors, guests revel in two distinct leisure realms: a bow sundeck and a sun pad adjoining the bathing platform, offering unobstructed vistas of the wake sans the bothersome wind.

Beneath the deck's embrace, two double cabins and a comfortable living space, complete with a dining table and kitchenette, beckon. Thoughtfully placed skylights in the bow cabin and main living area infuse the interior with natural light, creating a welcoming ambiance. The bathroom, boasting an enclosed head and shower, maintains immaculate order.

Unveiling an uncompromising cruiser, the 365 HTS marries phenomenal handling with a captivating interior, inviting up to ten passengers to relish a maritime journey without parallel.

SPORT CRUISER LINE

Galeon's lineup gains a dynamic addition with the 365 sport cruiser. A paradise for speed enthusiasts, its agile handling and potent engines create an irresistible experience. Embodying a seamless blend of design and performance, the 365 is a true joy to embrace.
