

560 FLY

TAME THE SEA

Bridging the gap within Galeon's lineup, the 560 FLY positions itself between the acclaimed 500 series and the innovative 640 and 650 models. It caters to customers who seek the technical excellence of the 500 FLY while desiring the spaciousness and bespoke luxury akin to the 640/650, all within a manageable size.

Externally, the yacht boasts expansive decks and abundant windows for a well-lit interior. The upper deck features opposing U-shaped rest and dining areas, perfect for alfresco dining. Forward, a seating space and helm station sit alongside a wet bar and grill. An overhang area allows leisure and activities, accommodating free-standing sun loungers. This versatility suits both daytime relaxation and evening entertainment.

The main deck includes the popular Beach Mode, seamlessly connecting the cockpit and saloon, with port and starboard bars for serving refreshments. The bow holds a sundeck and a bench with

a backrest for thrilling rides. A hydraulic platform aids water toy hoisting and grants access to the water and the twin aft crew cabin. Inside, the upscale and customizable interior marries contemporary design trends with luxurious handcrafted fittings, offering diverse woodwork, fabrics, and details. The main deck presents a well-appointed kitchen adjacent to the entertainment and dining area.

Below deck, three cabins and two bathrooms accommodate six berths. The midship owner's quarters offer ample storage, a private head, and a shower. The bow VIP area features a sizable double bed, a closet, and an overhead skylight. The starboard guest cabin boasts twin beds and natural light through hull-side windows. In essence, the 560 FLY adeptly balances practicality and internal volume, pushing design boundaries with premium finishing details.

FLYBRIDGE LINE

The 560 FLY masterfully balances practicality and internal space while pushing the limits of design and premium finishing details.
